

livys history of rome pdf

Livy's only surviving work is the "History of Rome" (Ab Urbe Condita), which was his career from his mid-life, probably 32, until he left Rome for Padua in old age, probably in the reign of Tiberius after the death of Augustus. When he began this work he was already past his youth; presumably, events in his life prior to that time had led to his intense activity as a historian.
