A community of practice (CoP) is a group of people who share a craft or a profession. The concept was first proposed by cognitive anthropologist Jean Lave and educational theorist Etienne Wenger in their 1991 book *Situated Learning* (Lave & Wenger 1991). Wenger then significantly expanded on the concept in his 1998 book *Communities of Practice* (Wenger 1998).

For some people, the term strategic planning brings to mind a disciplined and thoughtful process that links the values, mission, and goals of a school system with a set of coherent strategies and tasks designed to achieve those goals. For others, the term induces a cringe brought about by memories of endless meetings, fact-free debates, three-ring binders, and dozens of objectives, tasks ...

Summary: Etienne Wenger summarizes Communities of Practice (CoP) as "groups of people who share a concern or a passion for something they do and learn how to do it better as they interact regularly." This learning that takes place is not necessarily intentional. Three components are required in order to be a CoP: (1) the domain, (2) the community, and (3) the practice.
