managing complex governance systems pdf

Complex systems is chiefly concerned with the behaviors and properties of systems. A system, broadly defined, is a set of entities that, through their interactions, relationships, or dependencies, form a unified whole.

Complex system - Wikipedia

Governance in higher education is the means by which institutions for higher education (tertiary or post-secondary education) are formally organized and managed (though often there is a distinction between definitions of management and governance). Simply, university governance is the way in which universities are operated. Governing structures for higher education are highly differentiated ...
