I think Modern Compiler Implementation in ML is the best introductory compiler writing text. There's a Java version and a C version too, either of which might be more accessible given your languages background. The book packs a lot of useful basic material (scanning and parsing, semantic analysis, activation records, instruction selection, RISC and x86 native code generation) and various ...

Yesterday Data Visualization Desktop (DVD) Version 12.2.2.0 was released. DVD, since its first release, aims to extend Oracle's Data Visualization portfolio by adding a desktop tool allowing data visualization capabilities directly to end users without the intervention of the IT department, in line with the Gartner's bi-modal IT.. The new version adds several capabilities to the existing ...
