When the second edition of The Daily 5 came out earlier this year I was thrilled to see the authors included a chapter about math. The ideas in the first edition of The Daily 5 really changed my classroom for the better by helping me create independence with my young learners, which allowed me to more easily work with small groups and individuals.

WHAT NEED TO KNOW ABOUT Teaching and Learning Mathematics

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.
