Printing is a process for reproducing text and images using a master form or template. The earliest non-paper products involving printing include cylinder seals and objects such as the Cyrus Cylinder and the Cylinders of Nabonidus. The earliest known form of printing as applied to paper was woodblock printing, which appeared in China before 220 A.D. Later developments in printing technology ...

Social media are playing an increasingly important role as information sources for travelers. The goal of this study is to investigate the extent to which social media appear in search engine results in the context of travel-related searches.

### **Role of social media in online travel information search**

Most importantly, an extension of the field covered by criticism of cults was taking place. Originally, anti-cult groups had felt that they were dealing with a new type of movement. Over time, however, there was a process of widening, rather like concentric circles.
