But now neuroscience teaches me how little even my thoughts may be my own, and age begins to whisper to me how little my body may be my own. There is a shape, and there is a sense of self, but everything else seems up for grabs: Standing Wave. Behind the rock is a standing wave that will last as long as water flows, or until rock dissolves.

In probability theory and statistics, the gamma distribution is a two-parameter family of continuous probability distributions. The exponential distribution, Erlang distribution, and chi-squared distribution are special cases of the gamma distribution. There are three different parametrizations in common use: . With a shape parameter k and a scale parameter $\hat{\lambda}$.
